FKF SZÚK	Hungary	In the FKF's Centers for Reuse and Awareness Raising, residents of Budapest can deposit their gadgets, furnitures, toys, books or household devices they no longer want or need, for free. Of course only in a quality that can still suit further use - in another household where they might be valued again.	<a href="https://www.fkf.hu/szemleletformalokozpontok?fbclid=IwAR12mfrEgJ6T7t-DjyE-_u1105JFKro4p4Yw1-StiAZiEKUwVqmSC0vfaE">https://www.fkf.hu/szemleletformalokozpontok?fbclid=IwAR12mfrEgJ6T7t-DjyE-_u1105JFKro4p4Yw1-StiAZiEKUwVqmSC0vfaE</a>
Ligeti Csomagolásmentes Bolt Szatyorbolt Pancs Bolt Zöldbolt	Hungary	These are all different food and cosmetics' stores with a common vision: They are equally devoted to help consumers to implement a zero waste lifestyle. They effectively contribute to a paradigm shift in our consumerist culture. They offer local, package-free products from trustful sources. Ligeti has also developed their own webshop system around the breakout of COVID19.	<a href="https://www.szatyorbolt.hu/">https://www.szatyorbolt.hu/</a> <a href="https://csomagolasmentes.hu/">https://csomagolasmentes.hu/</a> <a href="https://www.pancspiac.com/">https://www.pancspiac.com/</a>
Munch.hu	Hungary	Munch is an App through which restaurants and stores can sell their leftover food - still of high quality - on discount price. Be part of a zero waste food system while enjoying delicious meals!	<a href="https://munch.hu/">https://munch.hu/</a>
Kis Kos Műhely	Hungary	KisKos makes yarn out of local sheeps' wool that would otherwise go to waste.	<a href="https://www.kickstarter.com/projects/tda/kiskos-makes-yarn?fbclid=IwAR12mfrEgJ6T7t-DjyE-_u1105JFKro4p4Yw1-StiAZiEKUwVqmSC0vfaE">https://www.kickstarter.com/projects/tda/kiskos-makes-yarn?fbclid=IwAR12mfrEgJ6T7t-DjyE-_u1105JFKro4p4Yw1-StiAZiEKUwVqmSC0vfaE</a> <a href="https://www.kickstarter.com/projects/tda/kiskos-makes-yarn?fbclid=IwAR12mfrEgJ6T7t-DjyE-_u1105JFKro4p4Yw1-StiAZiEKUwVqmSC0vfaE">"https://www.kickstarter.com/projects/tda/kiskos-makes-yarn?fbclid=IwAR12mfrEgJ6T7t-DjyE-_u1105JFKro4p4Yw1-StiAZiEKUwVqmSC0vfaE"</a>
Hulladék vadász	Hungary	Aims to activate people to help localize and clear away their local landfills in a joint, fun way.	<a href="https://hulladekvadasz.hu/">https://hulladekvadasz.hu/</a>

PET Cup	Hungary	Organisers and participants of the so called PET Cup collect plastic waste from the river Tisza and its surrounding floodplain forests, construct spectacular ships and rafts out of waste and go sailing together! PET Cup is a competition, a television show and a wonderful adventure at the same time.	<a href="https://petkupa.hu/eng/">https://petkupa.hu/eng/</a>
ShareWaste	Hungary	This app and website successfully connect people who wish to recycle their food scraps and other organics with their neighbours who are already composting, worm-farming or keep farm animals. Now you can divert organic material from landfill while getting to know the people around you!	<a href="https://sharewaste.com/">https://sharewaste.com/</a>
MiUtcánk	Hungary	MiUtcánk is a community-building online platform helping urban and rural residents getting to know their neighbourhood - and to utilise the potential in a stronger local connectivity. How is it in connection with waste reduction? For example, in case you have a duty requiring fancy and expensive tools that have a big ecological footprint - you can borrow them from a nearby friend. Mutual reliance and assistance for the win!	<a href="https://miutcank.hu/hu.html">https://miutcank.hu/hu.html</a>

You can order them online; the pots come with a lovely and helpful guidebook full of tips and tricks. There is always the possibility to give feedback or ask questions directly from Tünde or from the Com-Pot community.	<a href="https://www.com-pot.hu/">https://www.com-pot.hu/</a>
Foodsharing Landkreis Ebersberg	Germany	The Food Savers are a group of people who volunteer to ensure that less food ends up in the trash. Worldwide, every third food produced ends up in the garbage can. But in every single one of them there are working hours, resources, sometimes long transport routes and money. foodsharing offers a possibility to appreciate all this again by giving food a second chance. In the district of Ebersberg, they have founded an association for this purpose, as a subgroup of the international organisation. The association which have been founded at an online conference. 20 founding members wanted to work together to save food from being thrown into the bin in Ebersberg and then distribute it. According to Anna Sachs, one of the initiators, the association expects a considerable increase in membership in the next few weeks.	<a href="https://www.foodsharing-ebersberg.de/">https://www.foodsharing-ebersberg.de/</a>

Nebenan Plattform	Germany	Sell and give away in the neighborhood. On the neighborhood platform nebenan.de, neighbors pass on their discarded items at a low price. In the case of Anne from Berlin, they even saved her a new start after her move.	<a href="https://nebenan.de/stories/10msS6yLQNHXMmDQfmCLmj">https://nebenan.de/stories/10msS6yLQNHXMmDQfmCLmj</a>
Zerowaste München	Germany	Together with all Zero & Less Waste advocates, waste collectors, food rescuers, urban gardeners and sustainability enthusiasts or those who want to become one - they would like to accompany the city of Munich on its way to become a Zero Waste City. They will show what Munich already has to offer in terms of Zero Waste services and projects and how everybody can make his/her own contribution.	<a href="https://zerowaste-muenchen.de/">https://zerowaste-muenchen.de/</a>
Rehab Republic	Germany	With YEAH instead of BUH! Among other things, "rehab" means rehabilitation, recultivation or renaturation. "republic", in German Republik, comes from the Latin "res publica" - literally, "the public affairs". It denotes the commonwealth or the common good. Here you'll find everything you never knew you always wanted to do: clothes swapping, Snibbling rescued food with 200 people. Plastic fasting. Convincing chain stores to buy without packaging. And by the way, you save the planet, the oceans, the climate and other good friends that we will definitely need in the future.	<a href="https://rehab-republic.de/">https://rehab-republic.de/</a>
Talentering	Germany	„Talent swap“ region Grafing district Ebersberg. They organize neighborhood help and exchange talents, skills, help and things in neighborly networks and borrow items of daily use fairly and without the intention of making a profit. Exchanging is always a balanced taking and giving and not the "cheap shopping" of talents.  Since the beginning of 2020 they organise an upcycling workshop once a month. For example: make new bags out of old jeans. Some collect random stuff and don't know what to make of it, e.g. wool scraps, metal clothes hangers, or the like.  The awareness of county citizens for growing their own vegetables and fruits has increased in recent years. For the 16th time, seeds and plants can be exchanged and given away at the farmers' and specialties market in Grafing. Just come to the exchange market and bring or find little wonders of nature. There is great interest in native wild plants, which are also useful for the local insect world. Likewise in old cultivated varieties.	<a href="http://ttg.talentering.de/">http://ttg.talentering.de/</a> <a href="http://ttg.talentering.de/index.php/ttg-kalender-2021/eventdetail/8394/-/stoffwechsel-kleidertausch">http://ttg.talentering.de/index.php/ttg-kalender-2021/eventdetail/8394/-/stoffwechsel-kleidertausch</a> <a href="http://ttg.talentering.de/index.php/ttg-kalender-2021/eventdetail/8393/-/saatgut-und-pflanzenaustausch">http://ttg.talentering.de/index.php/ttg-kalender-2021/eventdetail/8393/-/saatgut-und-pflanzenaustausch</a>

Arbeitsgemeinschaft Komposthof	Germany	Decentralized composting: a success story despite initial resistance. 14 farms in the district of Ebersberg currently process 10,000 tons of organic waste and 90,000 tons of garden and green waste annually. Biowaste generated in the district is processed into compost in the district and as such is also spread again on the fields and arable land in the district. And it is precisely this that replaces not only gas, but also fuels and not least fertilizer, the artificial production of which is known to be very gas-intensive.	<a href="https://www.merkur.de/lokales/ebersberg/anzing-ort377246/erfolgsstory-trotz-anfaenglicher-widerstaende-91844121.html">https://www.merkur.de/lokales/ebersberg/anzing-ort377246/erfolgsstory-trotz-anfaenglicher-widerstaende-91844121.html</a>
